FAVORITE COLOR

The people of America are wonderfully diverse. Different interests, ethnicities, and experiences give each person a unique perspective. Let's celebrate our differences, learn from each other, and discover that diversity is what makes America truly beautiful.

This game is a great way to discuss the similarities and differences that make us, well... us. After all, "What stitches us together is much more than what pulls us apart."

How to play

1. Cut out the dice and assemble with glue.
2. Roll the dice and have each child answer the question that is face up.
3. Compare answers and encourage the children to recognize similarities and differences between every answer.

Find the Zucchini

Zora grew so much zucchini that she had to start giving it away and trading it for other vegetables. Can you find and circle the 10 zucchini's in the picture below?

Tissue Paper Flowers

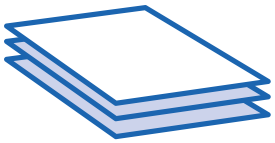

Materials

- Pipe cleaner (1 per flower)
- 3 sheets (12-by-6-inch sheets or larger) of colored tissue paper
- Ruler
- Scissors

Directions

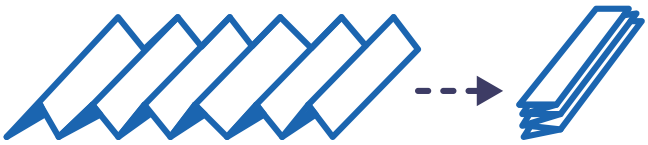

1. Cut 3 sheets of tissue paper 12-by-6-inches or larger and stack them on top of each other.
2. Starting with the shorter 6 inch side, make a 1 inch fold.
3. Once you have made a 1-inch fold in your stacked tissue paper edge, turn your tissue paper stack over for the next fold, then turn it back for the fold after that, making an accordion-style narrow strip of tissue paper.
4. Use scissors to round the edges of both sides of the stacked accordion-style tissue paper.
5. Fold your rounded stacked tissue paper in half. Open up and place the end of the pipe cleaner on the folded line.
6. Wrap the pipe cleaner on the folded line to make the stem of your flower.
7. Gently start opening up both sides of your flower.
8. Separate the tissue paper sheets to unfold the petals of your flower.
9. Repeat all steps to create a bouquet of flowers.

What If Dice

In *Waffles in the Sand,* clouds are talked about being made of whipped cream and the sky resembles the color of blueberries. What if things around us changed, what would you like to see?

What if cows barked and dogs mooed?

What if clouds were made of marshmallows?

What if you could fly?

What would happen if people walked on their hands?

What if we slept during the day and stayed up all night?

How to play

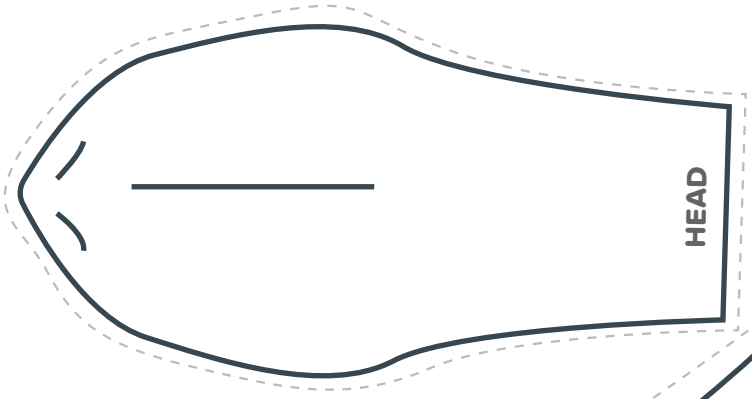

1. Cut the pattern out, fold on the solid lines and add glue to the angled tabs. Fold into a cube and let it dry.
2. Roll the dice.
3. Share your answer to the prompt that is face up.
4. If a is rolled, come up with your own "What if" question and answer.

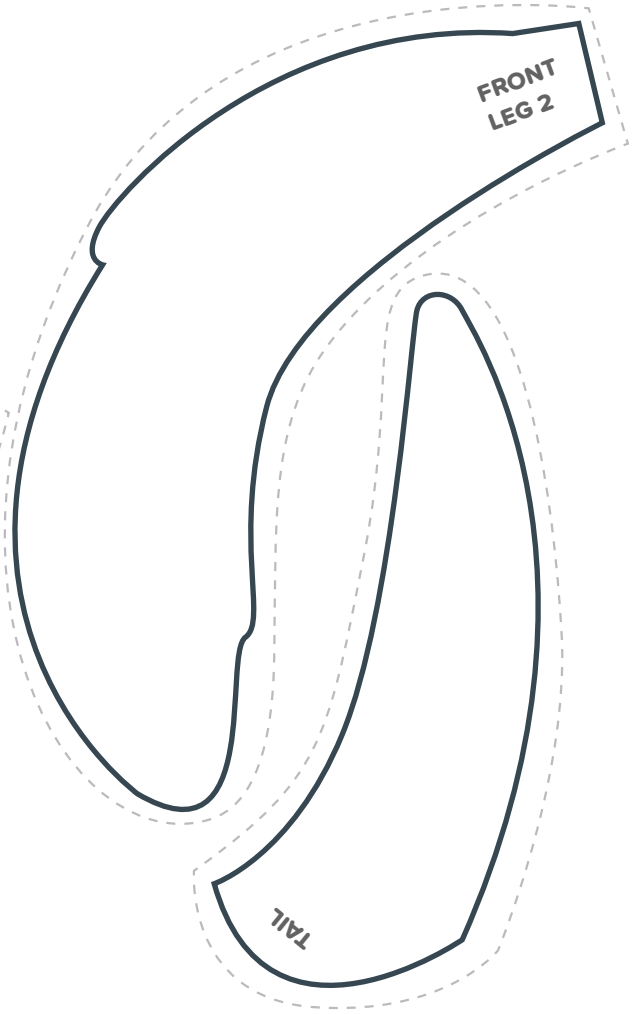

Make Your Own Turtle

Supplies

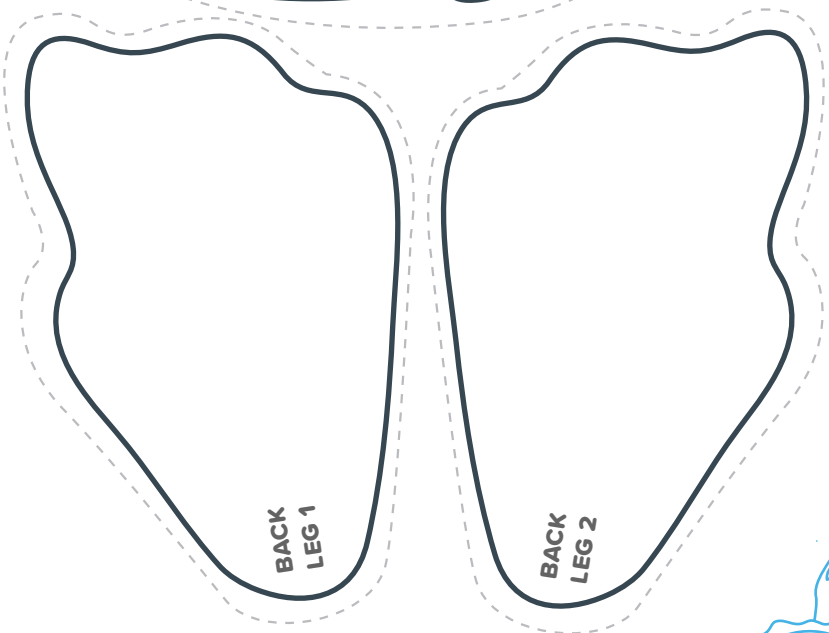

- Paper Plate
- Scissors
- Glue
- Art Supplies & Decorations
- Googly Eyes (2)

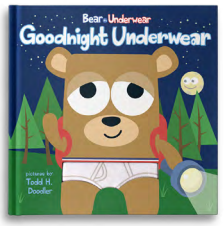

Instructions

1. Decorate the backside of the paper plate to make it look like a turtle's shell.
2. Decorate and cut out the legs, tail, and head of the turtle.
3. Glue the googly eyes onto the head of the turtle.
4. Glue the legs, tail, and head onto the paper plate to finish your turtle.
